

Nurse:

The RN is responsible for the following functions with all assigned clients:

- Completes and ensures completion of monthly nursing assessments within the guidelines of the Department of Mental Health.
- Ensures all routine medical care needs are addressed through appropriate work processes.
- Work processes are in place and implemented correctly and consistently thus ensuring appropriate routine medical care for all clients within State guidelines.
- Appropriate systems are in place to respond to medical emergency needs in a fashion that ensures the health and safety of all assigned Caring Solutions clients.
- Medical training is provided as required and necessary.
- Medical incident and injury reports are reviewed to ensure appropriate follow-up with training and preventative measures.
